

Dear Friend,

It's hard to believe that the Erie City Mission's Knockout Homelessness event will celebrate its 14th year of success on February 21, 2023. Thanks to partners like you, this premiere event has raised over \$600,000, allowing us to serve more men, women and children in Erie who come to us seeking hope, recovery and an opportunity at new life.

The Erie City Mission is so blessed to be part of this great event—one that has become such a significant effort not just by individuals, but by an entire community. And while it doesn't take a lot to make a big difference in the lives of those in need, it does take all of us doing our part to help those who can't help themselves. To be certain, it will take all of us pulling together to knockout homelessness entirely, but our efforts during this event will go a long way toward helping those in our community who are truly struggling.

Before we can lace up our shoes and throw that first punch, we need your help! The Erie City Mission invites you to support Knockout Homelessness by sponsoring this year's raffle with an in-kind contribution valued at \$100. Enclosed please find our Event Fact Sheet, which highlights the event.

Thank you for your careful consideration of our request this year. I will be in touch with you personally in the near future to answer any questions you may have and to follow up this request.

Sincerely,

Tammy Fenno
